THE BRAND

CEN TAURON is the new evolution of Kingdom Sports Group, a trusted company with many years of experience in developing and producing merchandise for sports teams.

WE KNOW & UNDERSTAND SPORTS

We support a variety of teams across all continents, helping athletes perform at their best. Our goal is for all our clients and supported teams to look their best, whether they're competing in local events or the Olympic Games, whether they need everyday corporate uniforms or exclusive ceremonial outfits.

With a constant focus on the needs, individuality, and unique styles of our clients, we have launched our own clothing and sports brand: CEN TAURON.

CEN TAURON is not just a sports brand; it's a fusion of mythological inspiration and modern athleticism. Drawing from the strength, agility, and endurance of the centaur from Greek mythology, CEN TAURON symbolises power and speed, making it the perfect gear for athletes who aim to transcend their limits.

CHAMPIONS
OF TODAY
LEGENDS OF
TOMORROW

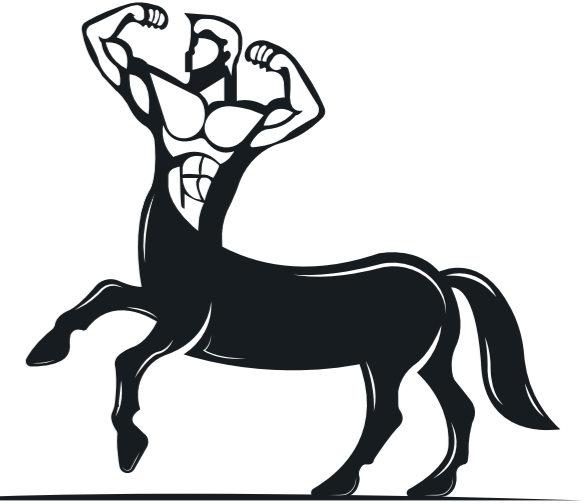

We have partnered with trusted factories and produce our own designs (heat transfer, embroidery) in our own facility in Australia to ensure we can provide outstanding items to all our clients.

All our partner factories must regularly undergo production audits and numerous quality checks, must respect environmentally friendly principles, use ethically sourced raw materials, and our team is committed to ensure that our providers stick to our moral values. The choice of fabrics, cuts, sizing, decorations, styles and designs, colours, as well as the smallest details will be discussed with your team.

At CEN TAURON we have opted for prices that include all set up and artwork fees, shipping costs and delivery fees so that you can control your budget. With CEN TAURON there are no hidden costs.

With our network of freight providers, we deliver worldwide using sea freight, air freight and express air services so we can meet the set delivery deadlines whilst respecting cost constraints.
